-Suzy Smith from Bulldog Brewing

Amazing Photo Quality

Among the attributes of the PhotoWork's Interactive Model 12 Deluxe Photobooth is a Patented 8 second developing process. Simply stated, it's a superior form of photo developing that not only delivers your photos quickly, but also delivers the best quality photos available in any photobooth, anywhere. It should also be noted that this is a 100% chemical and ink free process. No fluids to spill, no chemicals to harm the environment.

New Photo Formats
